## What you get

### Save \$500 per year with Wander

The average monthly internet bill across the U.S is \$67. Wander customers pay only \$25 per month, saving on average \$500 per year.

[LEARN MORE](#)

### Super fast speed for all your needs

Wander offers 50 Mbps speed for effortless multi-device streaming, gaming and connecting an entire smart home system.

### Super reliable internet

Wander uses a combination of high-speed fiber and latest wireless technology to gives you the speed and performance you need for a fraction of the cost.

### Privacy and security you desire

We fearlessly protect your privacy with a secure connection. We don't store or sell your browsing data, giving you the protection you desire.

### Easy to setup

Wander setup is super easy and takes less than an hour. No more losing a whole day waiting on installation.

### 100% Local Tech Support

Helpful, friendly and seriously smart internet experts are passionate about giving you the best internet service possible. They are always a click or phone call away if you need them, 24/7.

SWITCH TO WANDER TODAY

## What customers and partners are saying?

Goodbye annual contracts, escalating pricing and confusing bundles. With Wander it's easy to understand what I'm paying for each month.

**Rebecca P.**  
Wander Customer

**Deborah C.**  
Property Manager

Our tenants have been thrilled to have a reliable, fast internet alternative in the building and we are so happy to have Wander as a differentiator for our building, especially with how easy it is to work with Wander team. Thanks Wander for providing amazing service!
