T Sheets® EVolvED

What if you could have the speed and efficiency of T Sheets® with the power of electronic physician documentation? Now you can have both! Introducing T Sheets EVolvED, the next generation of physician documentation.

See A Demo

T Sheets® EVolvED provides the same documentation methodology and workflow while helping you improve clinical, operational and financial outcomes.

The speed, efficiency and mobility of T Sheets

Textual clinical narrative output facilitates the transition of care

Enhanced clinical content

Easy and rapid implementation

Cloud hosted and web browser-delivered

ICD-10 Content, Code Generation and Dynamic Feedback for Missing Documentation Drives Additional Revenue

MIPS criteria streamlined

Eliminates missing, lost or incomplete charts

Improving your clinical, operational and financial outcomes

Watch the T Sheets® EVolvED Demo to learn...

- The speed, efficiency and mobility of EVolvED
- Textual clinical narrative
- Guiding documentation of ICD-10 codes
- Eliminating lost charts

With a robust set of features, T Sheet® EVolvED is an alternative method of delivering T-System content and experience using modern technology."

– Robert Hitchcock, M.D., FACEP
Executive Vice President and General Manager, Documentation
