

HARLEQUIN CASCADE

REQUEST A QUOTE

Harlequin Cascade™ delights generations of professional dancers, artistic directors and technical and stage managers as the ultimate heavy-duty dance floor. The silky smooth embossed surface that's often described as giving 'warmth' to a performance, also provides deceptively good grip, as well as a high-quality base for lighting designers.

Harlequin Cascade is specified for loose-lay or permanent installation within dance institutions, dance studios, schools and theaters and is an excellent choice as the vinyl dance surface in conjunction with a Harlequin sprung floor.
