Custom Watch Request

Why spend thousands of dollars for a single, overpriced watch? With the launch of our custom watch line, you'll have the ability to create a custom watch at a level of detail found nowhere else!

Work with one of our artists to fully customize:

- Dial: A fully customizable watch face, to include color of the dial and chronograph second hand.
- Case: Choose from Stainless Steel or PVD Black, in either a polished or brushed finish.
- Logo: Choose a custom design to put just above the 6 o'clock marker.
- Band: Choose any one of our high quality watch bands: Tactical Rubber, Nylon Nato, or Premium Stitched Leather (3 different colors).
- Caseback: Fully customizable back, to include an engraved individual name.

Please fill out the form below and one of our artists will get back to you shortly. Include a .pdf, .svg or picture of the design you'd like just above the 6 o'clock marker, as well as the design you'd like engraved on the back.

Additional Info

- The minimum order is 5 units per design.
- Prices will be between \$549-\$469 per watch based on design and quantity ordered. The price drops drastically with the more units you order.

Send us your design requests and we'll get started on your design right away

Custom Project Overview

Please tell us who the watch is for (unit, class, graduation) *

Approximately how many watches will you be ordering? (Min. order 5) *

This doesn't need to be exact. Demand for custom watches is high. The more people you can get to go in on this design the sooner we can make it.

Step 1. Face

Select your watch face background color

Step 2. Case

Select your watch case finish

Polished Stainless Black

Step 3. Design on Watch Face

Logo or Design

Choose File no file selected

The customizable area on the watch face is at the 6 O'clock position. See the picture above for step 3. Keep in mind this is a small area and highly intricate designs are hard to see.

4. Band

Select your watch band color

Black

Three Band Colors

Select your watch band style

Nylon NATO (comes in 10 colors)

Instructions

Step 5. Back Engraving

Back of Watch Engraved Design

no file selected

Upload a image you'd like to be engraved on the back of the watch. Keep in mind this is metal engraving so submit us a black and white design and we'll engrave the black portion.

Step 6. Help us serve you better

How did you hear about us *

Step 7. Referral Code

Referral Code

Verification

Please enter any two digits *

Example: 12
