# MIKEN TECHNOLOGY

Triple Matrix Core + Technology increases our exclusive material volume by 15%, eliminating wall seams and improving the carbonized layering process resulting in a massive sweetspot and unmatched performance.

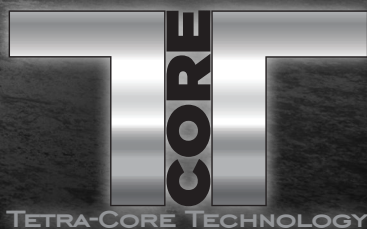

100 Comp™ is the revolutionary formula that changed the game and introduced certified Miken high performance equipment. This product is engineered utilizing 100% premium aerospace grade fiber to deliver Miken's legendary performance and durability.

FLEX2POWER

Flex 2 Power (F2P) optimizes handle flex to barrel loading, to maximize the overall speed of the bat head through the hitting zone.

Breakthrough tetra-core technology optimizes performance by utilizing an inner core tube, increasing compression for unmatched responsiveness. The outer core layering provides increased flex allowing the inner core tube to maximize sweetspot and durability.

## KYLE PEARSON FREAK<sup>®</sup> 23 MAXLOAD

MODEL: MKP20U      TWO-PIECE      12 INCH BARREL

SIZES: 34/25, 34/26, 34/27, 34/28 • BARREL: 2 1/4"

• TRIPLE MATRIX CORE+ • F2P • 100 COMP • MADE IN USA

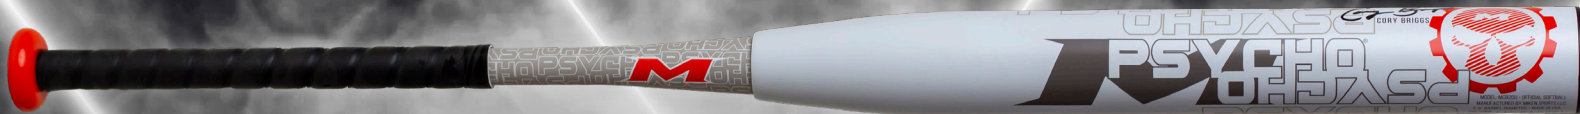

## KYLE PEARSON FREAK<sup>®</sup> 23 MAXLOAD

MODEL: MKP20A      THREE-PIECE      12 INCH BARREL

SIZES: 34/25, 34/26, 34/27, 34/28 • BARREL: 2 1/4"

• TETRA-CORE+ • F2P • 100 COMP • MADE IN USA

## CORY BRIGGS PSYCHO<sup>®</sup> MAXLOAD

MODEL: MCB20U      TWO-PIECE      14 INCH BARREL

SIZES: 34/25.5, 34/26.5, 34/27.5 • BARREL: 2 1/4"

• TRIPLE MATRIX CORE+ • F2P • 100 COMP • MADE IN USA

## WOMEN'S PRO SERIES FREAK<sup>®</sup> X MAXLOAD

MODEL: MFX20U      TWO-PIECE      12 INCH BARREL

SIZES: 34/24, 34/25, 34/26, 34/27 • BARREL: 2 1/4"

• TRIPLE MATRIX CORE+ • F2P • 100 COMP • MADE IN USA

# WORTH®

## PERFORMANCE THROUGH TECHNOLOGY

A proprietary process increasing the amount of carbon fiber utilized in the barrel to extend the sweetspot and maximize performance over the full 360 degree rotation of the barrel.

100% Carbon Fiber Barrel provides a lighter weight, more durable barrel for unmatched performance.

Ultra thin flex 50 handle for unmatched whip and feel.

Perfect balance by utilizing urethane joint that increases handle to barrel flex. Creates unmatched whiplash through the hitting zone while optimizing performance of the inner barrel for a bigger sweetspot and greater distance. Whether a ball is squared up on the sweetspot, mis-hit off the sweetspot, or hit with a lower swing speed, maximum performance is guaranteed.

### XL

A .5oz endload for players seeking a moderately endloaded bat, offering more mass in the end of the barrel for extra whip and smoother finishes on swings.

### XXL

A full one-ounce endload, providing maximum mass in the end of the bat, creating an ultra-loaded bat for players that prefer heavier swing weights.

### RYAN HARVEY KRECHER XL

MODEL: WHR20U      TWO-PIECE      13.5 INCH BARREL

SIZES: 34/26, 34/27, 34/28 • BARREL: 2 1/4"

• 220+ ADVANTAGE • CF100 • FLEX 50 • MADE IN USA

### RYAN HARVEY KRECHER XL

MODEL: WHR20A      THREE-PIECE      13.5 INCH BARREL

SIZES: 34/25, 34/26, 34/27 • BARREL: 2 1/4"

• QUAD COMP • CF100 • FLEX 50 • MADE IN USA

### SHANNON SMITH SAVIJ XL

MODEL: WSS20U      TWO-PIECE      12.5 INCH BARREL

SIZES: 34/24, 34/25, 34/26, 34/27 • BARREL: 2 1/4"

• 220+ ADVANTAGE • CF100 • FLEX 50 • MADE IN USA

### ANDY PURCELL MENES XXL

MODEL: WAP20U      TWO-PIECE      13.5 INCH BARREL

SIZES: 34/26, 34/27, 34/28 • BARREL: 2 1/4"

• 220+ ADVANTAGE • CF100 • FLEX 50 • MADE IN USA

### WOMEN'S PRO WICKED NYX XL

MODEL: WNX20U      TWO-PIECE      13.5 INCH BARREL

SIZES: 34/25, 34/26, 34/27 • BARREL: 2 1/4"

• 220+ ADVANTAGE • CF100 • FLEX 50 • MADE IN USA
