6.7 How to Use I-View 2D Contrast

Note
Hologic configures some systems to meet specific requirements. Your system configuration may not have all the options and accessories included in this manual.

1. Select the **Contrast** tab to access the I-View™ 2D Contrast (CEDM) function.

Figure 57: I-View 2D Contrast Screen

2. Set the contrast settings. For more information, refer to *How to Configure the Contrast Settings* on page 90.

Note
Contrast information is included in the DICOM header of I-View images.
