# DEVONE

DEVELOPER AND OPS CONFERENCE

# ABOUT

In the world of technology, the only constant is change. Our mission at DevOne is to embrace that change, and to allow it to take us places we had not previously imagined possible.

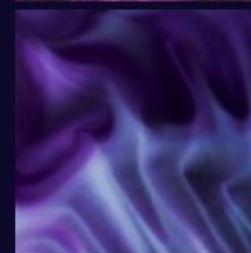

In our second year in Detroit, we want to invite engineers from all over the world to exchange solutions from the past, thoughts about the present, and ideas for the future.

IT'S TIME TO LOOK FOR NEW HORIZONS!
