COMMERCIAL — Heavy equipment owners understand the value of protecting their investment. In addition to best-in-class engine oils, gear oils, hydraulic oils, greases, and antifreeze, Cadence provides fluid analysis and equipment programs to keep fleets operating at peak efficiency for the long term while minimizing costly repair and maintenance expense.

INDUSTRIAL — Downtime is the enemy of productivity. Technical expertise and the right lubricants are the solution. At Cadence, our Certified Lubrication Specialists have the tools to support manufacturers through consulting services, plant and equipment surveys, fluid analysis, and preventative maintenance programs. With a wide range of options, we can identify the right lubricant for the application for optimal performance and efficiency.
