"I finally got to play Baseball with my buddies again, after years!"

My friends keep asking me to go play baseball, but I keep declining their invitation due to my tired and achy feet. I try to stay off my feet as much as possible because recently I gained a tremendous amount of weight and my feet are at the limits of pain. After trying on these soothers, my feet no longer are in control of my life and I am back on my feet! Thank you so much!

My feet are never sore, and the heel pain I used to have as no longer there. I used to even developed holes in the heels of my shoes, but not anymore! I love how I am actually saving money and never have to get new shoes due to my foot issues! This product really works! LOVE IT!
