### THOROUGHbred DELUXE - SCARY CHERRY

The Dean Thoroughbred Deluxe Flame Top Electric Guitar boosts an impressive pedigree of tonewoods and individual components. Its contoured mahogany body has a flame maple top that is well known for producing thick and powerful sound with lots of clarity. The set "C" neck is made of mahogany as well, which helps improve the overall sustain while providing stability. The pau ferro fingerboard and 24-3/4" scale length are perfect for bending notes and playing fast lines. Two DMT Series pickups are onboard. The DMT Series "Equalizer" Bridge Pickup has a strong output with singing harmonics. Even with its high output it still retains good high end making it a very versatile pickup that works well in many styles of music. The DMT Series "Nostalgia" Neck Pickup is a vintage style humbucking pickup great for classic rock and blues. The moderate output of the NOSTALGIA makes it a favorite for guitarists seeking classic tones with balanced tonal response. The Dean Thoroughbred Deluxe comes equipped with chrome hardware including Grover tuners and a tune-o-matic bridge. Pearl block inlays and multiple body and heastock binding complete the list of full-blooded features.

**Really nice! Awesome guitar.**

My Girlfriend gave me one of these for my Birthday! It has the old school Dean wings logo on the headstock instead of the one in this picture which I think looks way nicer. This is my second Dean, I have a Far Beyond Driven ML which is also a great guitar. Can't fault them at all, this one just needs the frets polished and dressed which is no big ...[Read More](#)

**Great!!!!**

Excelent guitar. Great playability and tone. My first Les Paul model. Congratulations Dean!!!
