### The Dream Package

Logo, Business Card, Website — Impact

*Need to make your vision more visible?*

Whether you're a start-up just beginning to develop a brand identity, or an established company ready to take its brand to the next level, blue tomato's all-inclusive Dream Package will help you distinguish yourself from competitors and connect with target audiences.

*Dream, Meet Design*

### Exceptional Relationships

We Take Your Success Personally

*Ever feel that a vendor didn't "get" you?*

A small agency by choice, blue tomato's unique value comes from personal attention, understanding and enthusiasm as well as our design talent and marketing insights. Large projects, small tasks, consulting, networking, we'll do anything we can to contribute to your success.

## Custom Websites

Stunning Design, Smart SEO, Reliable Programming

*Is your online presence less "present" than you'd like?*

From the smallest, most elegant sites up to large, complex sites with state-of-the-art functionality, blue tomato handles all aspects of web development — and specializes in making sure you and your audiences love the final product.

*Website, Meet "Wow"*

KIM COLLINS

owner - creative director
