

Quality & Certifications

We believe Quality is the most important feature of any product. We are dedicated towards giving quality product to our customers through stringent quality parameters. An in-house quality management system dedicatedly takes care of the products as per the industry Standards & Compliance. Ensuring the authenticity of the herbs & delivering a quality extract is our prime motive.

We introduce new technological advancement in production as to give quality, accurate and efficacious extracts. We make sure that all the products are of best hygiene through our experienced personnel & rigorous quality testing. We have introduced automation in processing, storing and packaging, to avoid contamination.

- ✓ To provide quality ingredients
- ✓ Utmost Satisfaction of Client's expectation
- ✓ Innovative, cost and time effective services
- ✓ Consistent and continuous quality improvement

Laboratory

ACARA works on the best industrial practices - Good Laboratory Practices (GLP), by adopting the necessary certifications to meet our Stringent Quality Requirements, starting from using of the best instruments – HPTLC, HPLC, GC, ICP-MS, GC MS etc to achieve the required results.

Our experienced QC - quality control department ensures that Quality ingredients are produced.
