Awntech® Products:

Awning Systems / Shades / Structures
Fabrics / Fittings / Signs / Accessories

With elegant design, quality workmanship and structural grade materials, Beauty-Mark® designer commercial / residential awning systems, shades structures & signs, will increase the overall value of your residence or business and reduce energy costs. Beauty-Mark® Stationary & Retractable Awnings will protect your windows, floors and furniture from fading with long lasting, weather resistant, Beauty-Mark® Fabrics. Our fabrics have been specially treated to resist moisture, mildew and fading for many years. All covers are manufactured with UV monofilament threads and / or heat-sealed to provide additional seam weather resistance. Beauty-Mark® frames are made of various combinations of commercial grade materials such as powder coated steel, anodized aluminum, powder coated cast iron, aluminum & nylon fittings and stainless steel hardware, cables and brackets. All Beauty-Mark® stationary awnings and structures have been tested for wind and snow loads by independent engineering firms. Awntech® products are easy to assemble and install and come with all necessary assembly and installation hardware. At Awntech® we assemble as much of the product as possible before shipping so your assembly time is greatly reduced.

Productos Awntech®:

Sistemas de marquesinas/persianas/telas para

estructuras/conectores/letreros/accesorios

Con un diseño elegante y una mano de obra y materiales estructurales de calidad, los sistemas de marquesinas comerciales/residenciales, estructuras de persianas y sus ventanas, pisos y muebles de la decoración con telas duraderas y resistentes a la intemperie. Nuestras telas han sido tratadas de manera especial para resistir la humedad, el moho y la decoloración por muchos años. Todas las cubiertas se fabrican con hilos de monofilamentos UV y/o sellados con calor para brindar una resistencia a la intemperie adicional en su costura. Los marcos Beauty-Mark® se fabrican con varias combinaciones de materiales comerciales de calidad como acero con capa granulada, aluminio anodizado, hierro fundido con capa granulada y conectores de aluminio y nailon, además de aditamentos, cables y abrazaderas de acero inoxidable. Las marquesinas filijas y las estructuras Beauty-Mark® han sido probadas para resistir cargas de viento y nieve por empresas de ingeniería independientes. Los productos Awntech® son fáciles de ensamblar e instalar y vienen con todos los aditamentos de ensamblaje e instalación necesarios. En Awntech® de ensamblamos gran parte del producto antes de enviarlo para disminuir considerablemente su tiempo de ensamblaje.
