Subject: PWC occurrence FW: Importing Alcoholic (Distilled Spirits) from Brazil
Date: 02.11.2019 21:38:47 (+0000)

JP – see email below from 9/2/2018 between me and a California law firm regarding representation in which we discuss the business of our distilled spirits (Cachaca) and their potential representation of PWC in California.

Thanks,
Jeff Meshinsky

Subject: Importing Alcoholic (Distilled Spirits) from Brazil

Hi - I read your blog from last year on "Wine Importer Options". We're going to be importing various brands of Cachaca (Brazil's national whiskey, so to speak) here to the U.S. and initially to California. Premio Wine e Cachaca, Inc. (PWC) is a California incorporated (Sub S) corporation and we're currently obtaining a Letter of Intent from one of the Cachaca distilleries in one of the Cachaca regions of Brazil (in the State of Goias).

Given the number of additional licenses and permits that will be required in California (and/or other states) we'd be interested in hearing how Simas & Assoc. may assist. I saw you have an office in San Diego (where we are based) so potentially working with an experienced license attorney (or administrator) there would be ideal - - but not required. You may suggest that someone in Sacramento is a better option (given the agencies are all headquartered there).

Thank you very much for your time and consideration.

Jeff Meshinsky
CEO
