Innova: A Relentless Approach to Protecting Your Business

In Heritage, you'll find a partner who works tirelessly on your behalf to ensure that you always have exceptional protection. To that end, we've developed an exclusive risk management approach we call Innova. As a moniker for brilliance and innovation, Innova is a cutting-edge system that enables our team to forever assess and reassess your risk. We create unique, customized solutions to limit your liability, administer your plans and support you every step of the way.

Innova is centered around disciplines designed to help you achieve your goals and be more profitable. Together, we call them our Pathway To Client Success. It's a continuous cycle which demonstrates our proactive commitment to your business.

Risk Evaluation

This is where we identify and assess your specific risks along with the costs of addressing them.

Proactive Solutions

By leveraging our substantial knowledge base and carrier clout, we put together a comprehensive and personalized plan for your level of risk tolerance.

Empowerment

Innova creates extra value for your investment with a range of supplemental support services designed to save your business both time and money.
