PRODUCT DETAIL

Our Poesy Ring Collection is inspired by a 500 year old idea that dates as far back as when knights gave their maidens rings with inscriptions or "poesys" on the inside or out. Reimagined to create a timeless and contemporary collection, each ring is designed to have personal meaning and can be styled on different chains worn as a singular statement or a combined message composed of several rings. These are the perfect piece to give a meaningful gift to inspire a friend, your family or even yourself. This 18K yellow gold snake poesy ring features ruby eyes with "never fear" inscribed on the inside. Available in 18k Yellow Gold in size 3. Please contact us to order 18K poesy rings in custom sizes.
