### OUR MISSION

Our mission at Campaign for Christ International (CCI) is threefold - PREACH the gospel. HELP the sick. PRAISE God. PREACHING THE GOSPEL - We boldly proclaim the gospel of Jesus Christ around the world, through preaching in tents, auditoriums and in the street. HELPING THE SICK - As a ministry, we have been blessed to have a full time medical doctor on staff. Dr. Fidel Reyes, M.D., sees hundreds of patients every campaign without any cost to them. These medical missions not only help people with their physical needs, but also open hearts to the gospel. PRAISING THE LORD - Our goal is to worship God in Spirit and in truth, not to entertain. We have often asked ourselves, "If Jesus was sitting on the front row, how would we worship?". Our goal is to focus and glorify him in song and in all that we do.

## OUR LATEST TRIP

Our last trip was a three-week long outreach in the country of Ecuador. We had the opportunity of holding many medical clinics, evangelistic tent meetings, and sharing the gospel. We saw over 80 people be born again and about 120 Christians rededicated their life to the Lord. There was amazing fruit! Read a full recap of our trip on our blog and check out some of our favorite photos below!

## TESTIMONIALS

"Praise the Lord! Many people received love, aid, and also the message. The post-campaign work has not been an easy task. Wednesday after the campaign ended, there were ten new people at the service. Others come random days to obtain information on the church services. We have already contacted all the persons that gave us their contact information. Approximately 30 of them are willing to have Bible study courses. We visited ten this week. We miss you all, you left something beautiful in this place."
