Commission Policy:

Prisma Guitars are all 100% handmade in the USA and each instrument is one-of-a-kind. The color patterns are unique to every build and cannot be replicated. Fill out the form above if you're interested in ordering one of our custom built instruments. All custom guitars begin at \$2,500. The average wait for a finished custom guitar is 12-16 weeks. This may change, depending on the volume and individual complexity of each custom commission. We are open to using your own skateboards in the body if desired. All orders come in a complimentary MONO Creators TSA approved gig bag.

For any further questions please email contact@prismaguitars.com. We are happy to walk through the process with you.

Payment Plan:

You may pay at checkout either in full or set up a payment plan using [Lay-Buy with PayPal](#). Using Lay-Buy is an easy way to pay a deposit of your choice and then setup a recurring payment plan over a period of time. By using this Payment Plan you agree to pay a .9% interest fee. Once a build has begun, there is a no refund policy on the down payment initially given. No guitar is shipped until full payment is made.

Specs:

- Nitrocellulose finish
- 25.5" scale
- 12" radius
- Dual-Acting truss rod at Headstock
- Hand-shaped bone nut
- 1 5/8" nut width

[-Emerson Custom Pots and Paper in Oil Cap](#)
