When you think about walkers, there's really only one design that comes to mind... The aluminum frame with the tennis balls on the back right? Why hasn't there been any improvements on the walker? Well, now there is! It's called the Foray Spring, and it's a completely revamped and redesigned modern walker that folds down so you can take it anywhere. Plus, no tennis balls needed!

The Foray Spring allows the elderly or disabled stay independent, while not looking like they're on their death bed rolling around on a set of tennis balls and a walker frame that we've all come to know too well. They're redesigned walker looks modern, and has all the modern features you'd expect from a revamped walker.

The Foray Walker converts into a chair in seconds, and once in chair mode it's immediately safe to sit with the brakes fully in place. The seat is fully ergonomic and super comfy, the handlebar goes across the full width of the walker so you can find the most comfortable position to hold onto it, and the handles are adjustable in height to accommodate people between 5'4" - 6'1".

The Foray Spring folds down easily to have a 60% smaller compared to standard walkers, it can sit persons up to 300 lbs in weight, its height can be adjusted from 33.5-38", it has large 8 inch diameter wheels, it measures 26 inches wide x 10 inches deep x 29 inches tall when fully collapsed, and when opened it measures 26 inches wide x 29 inches deep x 33.5 inches tall.

Check out the Foray Spring redesigned modern walker in action via the video below.
