

NITROFIRE™ MUZZLELOADER

For 2020, Traditions™ is proud to introduce the future of muzzleloading - the NitroFire muzzleloader. It is the only muzzleloader on the market that is compatible with the Federal FireStick™. This system takes the guesswork out of muzzleloading by having a premeasured charge in each stick. You'll get a consistent load each time and less fouling! The NitroFire has a Chromoly tapered, fluted barrel so it is lightweight and accurate. Feel the difference with the NitroFire!

CR5-8411429 Go Wild Rockstar Camo / Burnt Bronze CeraKote

NITROFIRE MAIN FEATURES:

- 26" Chromoly Barrel
- Tapered & Fluted
- Dual Safety System
- Lightweight & maneuverable
- Elite XT™ Trigger - less than 3 lbs trigger pull and captive half cock setting
