## Know your Trading Objectives

Before we allow you to trade our company's capital, we need to be sure that you can manage risk. For this reason, we developed the Trading Objectives. By meeting the Trading Objectives, you prove that you are a disciplined and profitable trader. Your trading style is completely up to you, we don't set any limits on instruments or position size you trade.

★★★★★ **Epic Prop firm!** Service use: Live Length of use: 0-3 Months

I have reviewed a lot of trading prop firms out there, I think most of them out there. FTMO is by far the best, offering best conditions, money back if completed the challenge, reliable metrics that help you see how your trading is going and so much more. Plus the payout is made within a day. Guys, honestly, if you are serious about trading this can change your life. It really matters whether you are trading a tiny account or an account that could make you living.

10/10 prop firm with the best customer success as well.
