[Watch Now](#)

Live Presentation: Led by the Dementia Society of America's founder and nationally recognized spokesperson, Kevin Jameson, this approximately 1-hour presentation will take you through the basics of the who, what, where, when and why of dealing with Dementia in the present, and the future. By utilizing the 7 simple steps detailed in his straight-forward C.Y.P.R.E.S.S. Method™, you have the potential to make a lasting impact on your ability to successfully navigate life as a caregiver/partner, or as someone living with Dementia, no matter what challenges lie ahead.

Mr. Jameson brings nearly 40 years of professional on-stage experience and skill to this lively, emotional, and positively uplifting talk. You walk out feeling empowered to make a difference in your life, and the lives of those you care most about.

Recorded Presentation: Filmed before an engaged studio audience at the Philadelphia PBS® station affiliate, WHYY-TV®, this 1-hour TV-show style program is guaranteed to be a crowd-pleaser. Extremely informative, eye-opening and with clearly explained calls-to-action. This is a must see educational talk for audiences everywhere, one that is sure to engender knowledge, personal commitment and most of all, hope.

Please [contact us](#) to request either live or DVD, at your next event.

Or, you can stream On Demand now. [Click here to watch trailer and/or rent full video, and use your coupon code if you have one.](#)

- Learn more about "6 Degrees of Separation".
- Learn more about how a diagnosis is made.
- Learn more about clinical trials.
- Learn more about normal aging.

10 Building Blocks to Better Brain Health!™

Live Presentation: Led by the Dementia Society of America's founder and nationally recognized spokesperson, Kevin Jameson, this approximately 1-hour presentation will take you through the top 10 peer-reviewed interventions that have been thought to be among the most likely building blocks of better brain health. By citing international science-based studies, Kevin details and explains in lay terms his F.O.U.N.D.A.T.I.O.N. Findings™, and the positive steps you can easily take to increase the likelihood of mitigating the effects of aging, disease, and decades-old lifestyle choices. For anyone that has a brain, this talk is life-changing.

Mr. Jameson brings nearly 40 years of professional on-stage experience, emotion and skill to this lively and positively uplifting talk. You walk out feeling empowered to make a difference in your own life and the lives of those around you.

Recorded Presentation: Coming soon.

Please [contact us](#) to request the Live talk at your next event, or get on the waiting list for the recorded release.
