Reclaim Your Privacy

RECLAIM Desktop Privacy Panels are available in 48" & 60" lengths and easily attach to most standing desks or fixed height workstations. Each panel includes three pre-drilled mounting holes so each employee can select their preferred level of privacy, or modesty, by installing the panel above or below the desk. Add the 24" side panels for additional privacy or use them with benching office systems to create quiet, individual spaces for concentrated work. RECLAIM desktop panels absorb 85% of ambient noise and are available in five colors that will complement any office interior. Constructed from 100% recycled PET (Core: 60% post-consumer; Fabric: 100% post-consumer), these eco-friendly desktop panels are tackable and can accommodate most desk accessories and cord management hardware.

Reclaim Your Space

RECLAIM acoustic room dividers are designed to divide larger areas into quiet, more functional spaces. These lightweight, portable floor dividers are available as a 24" wide, 66" tall standalone unit or a 72" x 66" 3-pack that can be expanded with individual panels that easily zip together to configure customized workspaces in a variety of shapes and styles.

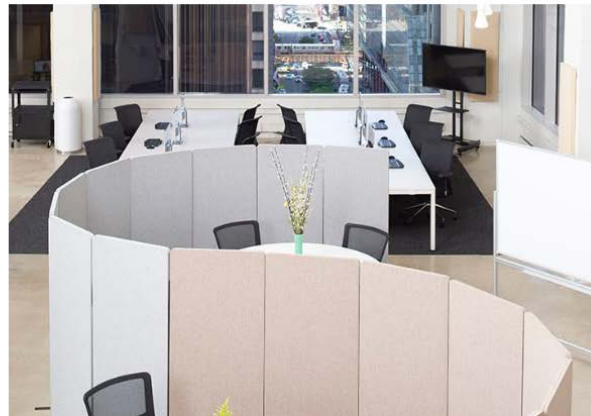

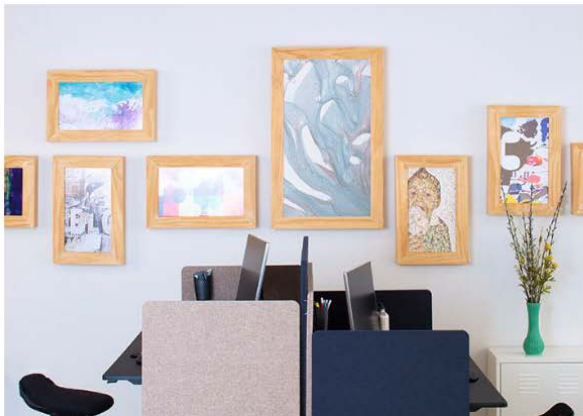

With a noise reduction coefficient of 0.85, RECLAIM room dividers are available in five peaceful colors that can be mixed and matched for any room decor. Constructed from 100% recycled PET materials, these sight and sound dampening panels are environmentally friendly and do not require any tools for set up.

RECLAIM Privacy Panels and Room Dividers are available in 5 fabric colors and are made from 100% recycled PET. Our fabric is 100% post-consumer and the core is 60% post-consumer.
