

GREEN PLANET INC.

Environmental Services
October 31, 1997

Mells Point Cleaners
Attn: Abdul Moorani
2810 E. Trinity Mills Road, Suite 137
Carrollton, TX 75006

Dear Mr. Moorani:

Attached you will find a Standard Price list for the disposal of your *Filters and Perc Waste*. We have a full time Chemical Engineer on staff to assist clients as needed with environmental issues. Our goal is to help clients maximize their profits by minimizing their waste and disposal cost. Below I have included some information on our company.

Green Planet Inc. is an Environmental Service Company operating under a permit from the Texas Natural Conservation Commission (TNRCC) and the U.S. Environmental Protection Agency.

- **Environmental Consulting and Management with over 10 years experience**
- **Additional Services Available**
Handling, packaging, manifesting, transporting and disposal coordination of Hazardous and Non-Hazardous waste i.e.:
 - Dry Cleaning Perc and Perc Filters, Waste Paints and related materials, Inks & Printing Solvents
 - Process Solvents & Chemicals, All types of Grease & Lubricants, Spent Oils, Antifreeze & Glycol, Off-Spec Fuels & Gasoline, Chlorinated and Non-Chlorinated Solvents, Labpacks, Waste Solids: Spill Remedy Socks, Pillows & Booms, Contaminated Soil, Contaminated Empty containers

Materials provided when applicable: Drums/Containers, all sizes (*reconditioned & new*), Spill kits, Absorbents, Socks, Pillows & Booms

Computerized Tracking:

Our system traces the movement of all waste from the point of pick-up to the final disposal site. Certificate of Disposal available when applicable.

I am confident that our company can provide the quality and timely services to which you are accustomed. If you have any questions or if we can be of service please give us a call at (214) 369-3883. I look forward to servicing your business in the near future.

Sincerely,

Virginia Belmore
Director of Marketing
