Directions

Generously spritz cleaner directly on the toy, wait 30 seconds, and rinse completely with warm water. Use a clean dry cloth to remove all moisture. For safe, worry free toy play, clean before and after use, always allowing to thoroughly dry. Store in a temperature-controlled environment.

Features

- Delicate cleanser containing Phospholipids, an antimicrobial soap emulsifier derived from natural coconut oil fat that penetrates any porous area.
- A "must" with every toy purchase.
- Cleans your adult toys.
- Safe on all toy materials including plastic, latex, silicone, glass and synthetic materials.
