### Spiced Apple Cider \$9.95

As the weather turns here in Wisconsin, our tastes turn to the warming flavors that match autumn and winter so well. Our classic Spiced Apple Cider starts with a sweet apple body draped over hints of cinnamon and finishes smoothly with touches of other classic spices. The perfect vapor to enjoy as the sun sets earlier, the temperature drops further and the holidays approach.

High Quality, PG-based Smoke Juice

Made in America

Made with all US-Sourced Ingredients

As we change over to a percentage-based strength rating, please reference the following nicotine strengths:
