Error on static selector

To support the Q10 we had a static selector based on resolution and added a 720x720 folder to the assets. As the Q5 now has a bright theme i wanted to change that to a theme selector and renamed the folderVisualStyle.dark. This leads to a ...

### BlackBerry Beta Zone

[Visit Beta Zone](#)

### Become a Member Today

BlackBerry® Beta Zone is the place where BlackBerry communicates with and receives feedback from beta participants. As a member of BlackBerry Beta Zone, you'll have the opportunity to sign up for beta programs and be among the first to try out new BlackBerry software before it's released to the general public. Your feedback will be an important part of ensuring future BlackBerry products meet the needs of customers like you.
