The water bottle, re-imagined. Re-engineered. With a stylist. A bulky camping canteen no longer, now a sleek, portable hydration vessel. Not only providing liquids on the go, also gleaming fashion accessory. All this while saving the planet from plastic waste and providing clean water to those in need.

- Keeps your drinks cold for 24 hours, hot for 12
- Safe for you and Mother Earth: 18/8 stainless steel, non-toxic, non-leaching and BPA free
- Ergonomically designed to fit in your hand and your cupholder (stroller too)
- Water won't bead on the outside: hands, bags and papers stay blissfully dry
- Mouth is big enough for an ice cube, small enough for drip-free sipping
- Polished enough for the office, tough enough for any adventure
