

ENDURING HYDRO™

[ABOUT](#) [TEAM BIOS](#)

Modern times require enduring solutions.

Enduring Hydro™ invests in, develops, and modernizes hydroelectric facilities, and provides consulting services on project management, regulation, and development of hydroelectric power and other clean energy resources.

As an investor, Enduring Hydro's goal is to build a portfolio of hydroelectric assets through direct investment in and acquisition of existing assets and the development of new hydroelectric assets that provide attractive risk-adjusted returns. In addition, Enduring Hydro is focused on helping clients maximize the economic, operational and regulatory benefits of hydroelectric and other clean energy resources.

The Enduring Hydro team is comprised of experts in all aspects of the hydropower industry, including, manufacturing, financing, power purchase agreements, energy technology, markets, operations, and government regulations.
