

Description

Anchor

It's a simple way to explore, discover, and review places nearby. No matter where you are in the world, Anchor will pair your interests with real time photos of activities happening in the moment.

Simplify your review process with our tag and tally system that make it easier than ever before to express your experience. Simply tap the tags that apply to you and the most popular tags at each place become the highlights.

Every time you open Anchor you will see the newest photos and reviews from nearby restaurants, bars, museums, parks, beaches, and much more.
