

Buckeye Corrugated, Inc

BCI Companies

Our manufacturing, packaging and sales and design centers are located throughout eight states, but our passions are one and the same. Distance is irrelevant because our operating structure and core philosophy keeps us connected. Multiple facilities give us breadth of capability and tremendous flexibility, eliminating the worry of supply interruption due to natural disasters. Your products are shipped via our own fleet of dedicated drivers, keeping you within reach of one of our companies and its dedicated personnel.

Click on a BCI company below for more information.
