## ColoRectal Educational Systems Template (CREST)

### Educational Resources

- Annual Scientific Meeting
- ASCRS Resource Library
- CREST
- CARSEP
- Core Subjects
- Emmi Engage Multimedia Library

**CREST is Now Available!**

**ColoRectal Educational Systems Template**, commonly known as CREST is the premier online educational portal for physicians interested in colorectal surgery. CREST aims to assist healthcare providers achieve high-quality patient care by providing an interactive venue regarding all aspects of colorectal disease.

Covering the six "pillars" of colorectal disease: anorectal, colorectal and anal malignancy, inflammatory bowel disease, pelvic floor disorders, and endoscopy—CREST provides a robust curriculum in support of the mission of the American Society of Colon and Rectal Surgeons. Watch the CREST tutorial video now to learn how to login and utilize the CREST Online Learning Center!

### Tutorial

**ASCRS Member CREST Access**

ASCRS Members enjoy full access to all CREST modules which provide detailed discussions, information and education regarding colorectal disease. Members who are logged in to the ASCRS website will link to their CREST account through their Member Profile page. On your Member Profile page, click on the CREST Online Learning Center link found at the top of the page under the header "My ASCRS Links".

Once members are in the Online Learning Center, they will be able to track their progress within each module, purchase modules for CME credit, and view the new Weekly Curriculums! For details explaining how to log in to the CREST Online Learning Center download the instruction sheet.

**Non-member CREST Access**

Non-member physicians may purchase access to the CREST Online Education System by purchasing a one-year subscription. This subscription allows ASCRS non-members access to over 50 educational modules which include ASCRS Textbook Chapters, narrated PowerPoint presentations, and access to full-text articles from the ASCRS Journal, *Diseases of the Colon & Rectum* and more.

Non-members who have purchased the CREST subscription may access the CREST site by first logging in to the ASCRS website. Once logged in go to your Member Profile, click on the CREST Online Learning Center link found at the top of the page under the header "My ASCRS Links".

Once non-members are in the Online Learning Center, they will be able to track their progress within each module, purchase modules for CME credit, and view the new Weekly Curriculums!
