Kika Tech, Inc was founded in 2014 by a team of former key employees from Microsoft, Innovation Works, and Baidu. We work on innovative technologies for next-generation keyboard applications with a focus on big data analysis of output contents. Our mission is to provide users with a seamless mobile experience that allows them to freely express their ideas.

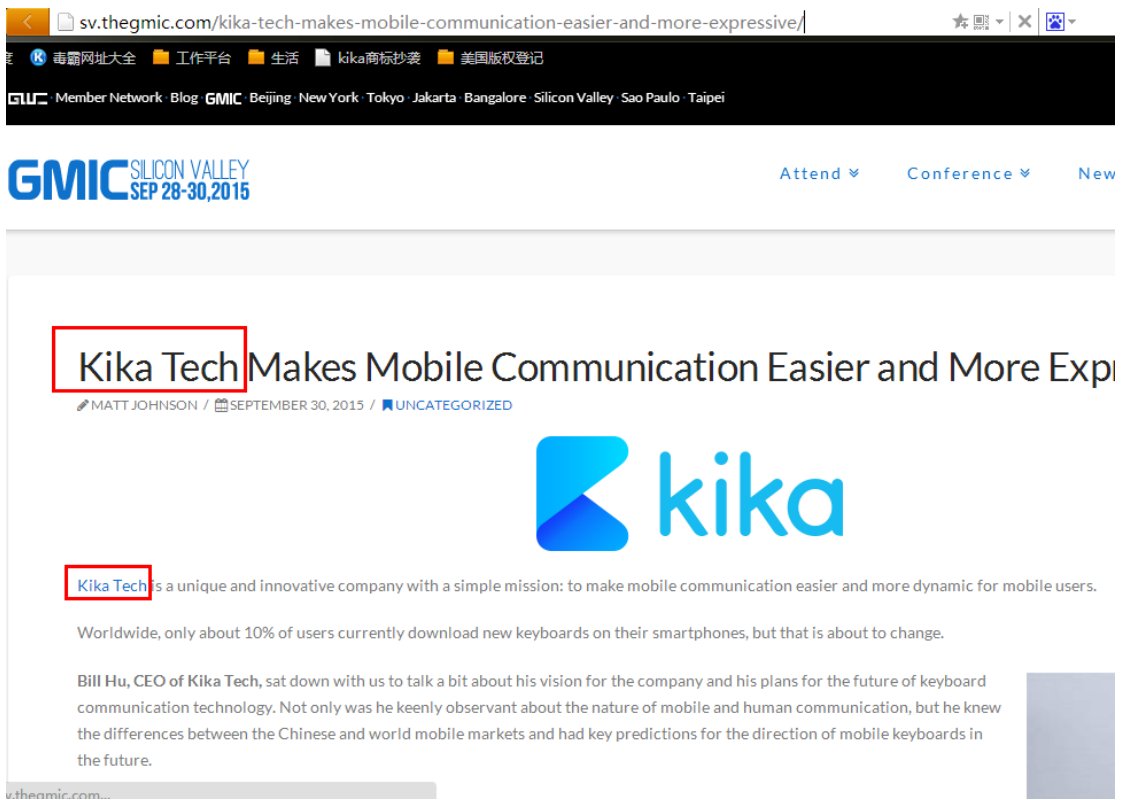

Kika is a technology-driven company with a track record of success:

- 80 million users around the world
- 16 million daily active users
- #1 keyboard app on the Google Play Store in the United States
- #1 in Productivity ranking on the Google Play Store
- Top 5 in Productivity ranking on the Google Play Store in 62 countries
- Top 10 in Tools ranking on the Google Play Store
- Average usage duration per day: 65 minutes
- Average number of application starts per day: 61 times
- Top markets include the United States, Brazil and India

Kika is always looking for new partners to build a better community together. Whether you are looking to provide your users with a more convenient experience grow your brand awareness, or just be a part of our global network, Kika would love to hear from you!
