Conquer Snoring, Sleep Apnea & Fatigue with a comfortable oral appliance.

According to the American Academy of Sleep Medicine oral appliance therapy should be considered as a viable treatment alternative to continuous positive airway pressure (CPAP) in patients with mild to moderate obstructive sleep apnea syndrome.

About Us

Welcome To Koala Center for Sleep Disorders

The primary goal of a Koala Center for Sleep Disorders is to help you sleep better than you ever have before so you can enjoy life to the fullest. Our team of fully trained dentists and staff are here to provide a comfortable treatment option for patients suffering from Obstructive Sleep Apnea and Temporomandibular Joint Disorder (TMD). Approved by the American Academy of Sleep Medicine, Oral Appliance Therapy is a non-surgical, non-pharmacological option which is a comfortable alternative to CPAP.
