Re: F2 Systems, LLC / C4 Planning Solutions, LLC
4914 Deans Bridge Road
Blythe, Georgia 30805

Dear Mr. Sullivan:

It is our understanding that the new permanent driveway for the above referenced project located on Georgia State Route No. 4 at mile log 6.81 in Richmond County, Georgia meets with the requirements of your department at this time with the exception of the removal of a temporary driveway. The temporary driveway was installed prior and adjacent to the permanent driveway for construction purposes as a part of the first phase of the project. At this time, the temporary driveway is still in place and in good condition.

Respectfully,

James A. Fennell
President
F2 Systems, LLC
