## **Bradford County Sheriff's Office Continues to Invest in Vanderbilt SMS to Boost Security, Ensure Compliance**

---

Leveraging innovative solutions to keep citizens and important information safe, the Bradford County Sheriff's Office replaced its key-based system with a more advanced access control solution more than 20 years ago. Over time, the county has expanded the Vanderbilt SMS throughout its main buildings to ensure employee and public safety and privacy of information. [Read the full case study here.](#)
