

organization understood the value of Revolution Bag, both at the distributor level as well as the end-use consumer," Rives said. "Their honesty and integrity helped create the partnership we share today."

Daycon increased its sales of Revolution Bag products by approximately 30 percent in 2015. The distributor's 2015 sales of Revolution Bag's liners also have a significant environmental impact. The estimated reduction in greenhouse gas emissions from Daycon's 2015 sales of Revolution Bag products vs. products made with virgin resin would be equivalent to removing more than 200 passenger vehicles from the roads for a year or enough to power almost 100 homes for a year.

### Exciting News!

#### Foodservice Disposables, Small Wares now included on SMA's 1GPA Program!

SMA's contract as the exclusive national distributor for **1 Government Procurement Alliance (1GPA)** has been expanded to include **Foodservice Disposables and Small Wares**.

Since its launch last November year, the 1GPA program has driven significant jan/san category growth for SMA members that sell to public agencies and government accounts, primarily at the local, state and federal levels. Our initial success can be attributed to the distributor-friendly nature of the SMA-1GPA contract as well as some aggressive costing support for our manufacturer partners.

This month's announcement by 1GPA of the addition of **foodservice**
