# Salt Assault CONCENTRATED LOW PH SALT REMOVER PART # PR-161

## FIRST AID

**EYES:** Remove contact lenses. Immediately flush eyes with water for at least 15 minutes. If symptoms persist, seek medical attention.  
**SKIN:** Immediately wash skin with water. Remove contaminated clothing and shoes; wash before reuse. Seek medical help if persists.  
**INGESTION:** DO NOT induce vomiting. If conscious, give lots of water or milk. Get immediate medical attention. Give nothing by mouth to unconscious or convulsing person.  
**SPILL AND LEAK PROCEDURE:** Absorb product with inert material. Dike or dam large spills. Dispose of product in accordance of laws.

**DESCRIPTION:** (PR-161) is a concentrated Low PH salt remover. Salt Assault works by dissolving and neutralizing Sodium Chloride brine and rock salt. See your representative for the proper application and equipment suggestions. Excellent with two-step systems applied in tunnels or automatics. Available with scent.  
**DIRECTIONS:** Dilute up to 120 to 1. Dilutions may vary according to system and equipment being used.

**WARNING:** This product may cause skin and eye irritation or inflammation. Do not swallow. Further information may be obtained from the material safety data sheet.
