Tuning

TurboHoses R&D is the premier Noble M12, M400 & Rossion facility across the nation. We maintain and service Nobles on a daily basis. Each month vehicles are shipped to our facilities for normal maintenance, upgrades and track event preparation.

TurboHoses R&D offers a complete range of performance parts and services for your Noble M12, M400 and Rossion Q1. Our services range from pre-purchase inspection, track/race preparation, restoration, complete personal builds and ECU tuning.
