Testimonials

A few weeks ago it appeared as though a bird had a all night bender on the roof of my car. I decided to get some professional level help and made an appointment with On the Spot. Sean (team leader?) was all business. They came out to my work and detailed my car in the parking lot. All in all they did a wonderful job, I could literally see my face in the reflection when they were done.

On The Spot did my wife's Ford Explorer today, and I was shocked at the results. I gave her a gift certificate for her birthday this past March, but she had not had time to use it until now. After months of hounding her to make an appointment, she finally did. She spoke with a receptionist that explained what was included in the gift certificate she got, and set her up with an appointment. The crew was on time and very professional while they worked on her vehicle. Our kids even stood around the car and watched them work. When they were done, the brought us out and went over the checklist of everything they had cleaned.

The results blew me away, I hardly felt as though I was looking at the same car. I would give them an overall Rating of A+. Professionalism, Quality, and Price were all top notch.
