**Please read:** HouseLabels does not sell Avery® products and is in no way affiliated with Avery®. Avery® cross-reference numbers are used here solely for selection of proper software template layout in most popular label software programs. Avery® cross reference numbers are not indicative of sheet performance. AVERY® and all other Avery-branded product names and SKU trademarks are trademarks of CCL Label, Inc. CCL Label, Inc. does not sponsor or endorse any products made or sold by HouseLabels.

Why buy expensive branded labels? Save by buying HouseLabels inkjet/laser labels.

These HouseLabels inkjet/laser labels will work with the Avery® 5162 template and the U-Line® S-8039 template.

Other important features of our inkjet/laser labels:

- Labels are bright white for professional results
- Labels are smudge-proof as well as water and oil resistant
- 4" x 1-1/3"
- 14 labels per sheet
- 100 sheets
- Blank Sheets. No Writing
- Add barcodes to these versatile labels that work well with USPS®, Click-N-Ship®, Pitney Bowes Shipstream™ Manager Deluxe, eBay® and PayPal® and other popular shipping software
- Guaranteed printer performance in HP, Canon, Epson and other printers
- Because of differences in feed, delivery systems, etc, it is the responsibility of the user to test diecut material to ensure compatibility with their specific model of printer in its operating environment.
