## Benefits

Our resources expand beyond hardware. Through the support of our partners we provide software solutions to develop your product and build your business!

Free access to Fusion 360, Solidworks and Solidworks Electrical, Autodesk, Eagle PCB Board design, FEA Mold and Fluid Flood Analysis, RayTracing Software and Vericut.

90% off Hubspot CRM and marketing platform for the first year and 50% off the second year.

Arrow Electronics provides free 9 month access to Silicon Experts, mentorship time with Field Application Engineers, free development kits and ongoing support.

Access to IBM's cloud platform that supports testing and analysis of IoT devices and a variety of digital and in-person support to navigate IoT systems development.

mHUB is Chicago's first innovation center for physical product development and manufacturing. We are a co-working community of product designers, developers, entrepreneurs, engineers & manufacturers.
