

We take a lot of pride in mHUB's cohesive member community and our comprehensive support services, but our labs and equipment are the stuff of product developers' dreams. Take a look at our equipment below and note that we'll be adding equipment to our prototyping shop throughout 2017. We're also building out a microfactory for onsite low-volume production runs and we have a covered dock for large shipments. Come see for yourself!

PLANS & BENEFITS

BOOK A TOUR

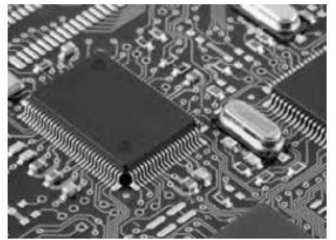

3D Printer Lab

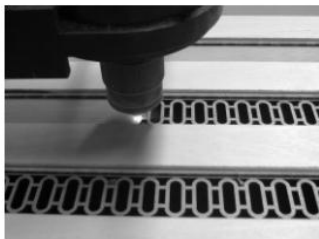

Assembly

CNC Machining

Electronics Lab

Laser Cutting Lab

Metal Fabrication Lab

Metal Milling Lab

Plastics Lab

Software

Testing Lab
