

PRONTO Avenue

The road to eCommerce success

Pronto Xi Avenue is the perfect marketing tool to help you start building your brand and generating sales online. Ready to go 'out of the box', it allows you to focus on your online business rather than the technology.

Using a single-platform Content Management System and Application Programming Interface suite that's fully compatible with Pronto Xi, Avenue helps you integrate eCommerce applications more efficiently with your Enterprise Resource Planning (ERP) system.

Your customer's orders could be ready to pick in your warehouse and their credit card payment sitting in your ERP as a cash receipt within minutes of them submitting their online order.

Avenue Highlights

Managed Hosting Options

Avenue Managed Hosting Solutions gives you simple, easy and affordable access to the infrastructure you need to run your Avenue application... plus a host of other benefits.

Cut the costs of administration, support, maintenance, upgrades and deployment without compromising functionality. Guaranteed services and unlimited technical support are provided for a fixed monthly fee, ensuring you're 'open for business' around the clock.

Minimise start-up time and the time needed for procurement or technical training. Have total freedom to adapt or scale your website resource requirements, or update and reconfigure your system when newer technologies are introduced.

Rest easy knowing we offer the highest level of security for your data, as well as your customers' so they can shop safely.
