Product ID 6022
ISBN 0

DETAILS

Soften those hard edges in your home.

Use our soft foam Edge Cushions to cover those unfriendly places in your home where your child could fall. The Edge Cushions easily attach to furniture, countertops, walls and more with included double sided tape. This soft padding is made from a non toxic, closed cell foam that is made right here in the USA. Available in taupe, brown and black.

Note: In a daycare environment we suggest attaching foam products with an adhesive caulking to prevent moisture build up underneath the foam from constant disinfecting practices.
