Product Description

Glow Mind Industrial Grade Glow Sticks
Ultra-Bright Lighting in a Snap

Get emergency lighting whenever you need it with industrial-grade glow sticks that epitomize reliability. We've used premium materials to create glow sticks that last up to 50% longer than others, can be seen from more than a mile away, and are durable enough to handle the most tasking of outdoor adventures.

Industry-Leading Duration

No more dealing with glow sticks that quickly fade soon after you activate them. While most others max out at 8 hours, Glow Minds emergency sticks keep illuminating your space for 12 hours (and some say even more). So whether you're camping or diving, partying or weathering a blackout, you'll enjoy a brightly lit space for that much longer.

Supremely Bright Lighting

Never have to squint in the dark again. With a simple break and a quick shake, these industrial-grade glow sticks produce an impressively bright light output that easily illuminates entire rooms and can be spotted from a mile. Equip your emergency kit with glow sticks that actually get the job done.

Weathers Through It All

These aren't your regular party store glow sticks that quickly break and constantly fail. We've combined strict quality control and high-grade construction to create emergency light sticks that are waterproof, impressively rugged, work every time, and have an extra-long shelf life of 4 years.

Kid Safe and Reliable

We place your safety and that of your family above all else. That's why we've ensured that our glow sticks are non-toxic, non-flammable, kid-safe, and come with individual wrapping to prevent breakage and accidental activation during transit. Get the best bang for your buck with our bigger packs that give you unmatched value.

★★★★★ MIND GLOWN

September 2, 2017

Color: Multi Color | Size: 20 Pack | **Verified Purchase**

I bought a box of these to give to a friend who likes glow sticks . I gave her several and kept the other half for my kids to play with . Let me just say first and foremost that these are not the cheap little party favors you might think they are . The are legit glow sticks .

The sticks are 6 " and have a lanyard string that can be used to hold the light stick around your neck , or your dog's collar , or to twirl the sticks around in a circle (see video) . I got the assorted pack with four of each of the colors - green , red , yellow , blue ,

white . The colors aren't NEON or FLUORESCENT but they *are* bright . I guess I would say it is a warmer

use- as interior emergency- lighting in case- Hurricane Irma hit us (she did) and we lost power- (we did) . There's no danger- of fire- and one glow- stick- in the hallway in front- of the bathroom- made the kids much happier . The white- and yellow- and green- could be- used for reading , or for calculating Yatzee score- sheets . The red- lights were not as bright- as the others , but that's not always a bad thing .

We didn't have- to use- both boxes (hurray !) and so now keep- a couple- in each car- for emergencies .

★★★★☆ Good but not great-

June 24, 2017

Color: Multi Color | Size: 20 Pack | **Verified Purchase**

I got these for a glow- run- 5 K event- . These were easy- to "break" (to get- the glow- going) as compared to others I have- used before . However , I read- such rave- reviews on the brightness- , I think- I expected more . I was a little- disappointed in that they are no different than your standard- glow- stick- . The blue- was the least vibrant- , others colors were good- but nothing that special from your norm- .

★★★★★ Works as described and it just works.

March 11, 2017

Color: Green | Size: 30 Pack | **Verified Purchase**

If you are like me you are skeptical about buying these from an unknown- or otherwise not trusted source- , as the product- can vary- so much . Well , perhaps this will help- you . Mind you , I only tested one of the 24 out of the box .

I pulled one out of the box at random , I had not special way- to pick- a certain one .

At 615 pm on a Thursday I activated the stick . These things are bright- . When lights are out it is capable of lighting a 10 x 16 room- .

At 0400 am Friday morning I woke up for work- . The stick was just a bright- as when I first- cracked it . It may have- dulled slightly , but not noticeable to my eyes .

At 0530 am I left work- and it was still going strong- .

At 230 pm after work- I checked it again . It had dulled significantly but still had some glow- left .

Color: Green | Size: 12 Pack | **Verified Purchase**

These glow- sticks are great- . I am an army veteran and I usually purchase- chem sticks from army surplus stores but I will order- these sticks from now on . Great price- , individually wrapped , perfect- glow- , and they do- last- for 12 hours- . The first- six hours- is maximum glow- . The last- six hours- the glow- starts to dim- slowly . There is still a dim- glow- (no lighting effect) 13 hours- later . When I don't need light- I can safely throw- it in a drawer . I love- the fact- that my children can safely play- with them or fall- asleep with them in their rooms . When I break- the capsule inside I normally shake- it for 30 seconds and they get- super bright- . I have- read- some less than positive- reviews about this product- but it certainly gets 5 stars from my point- of view- . I have- already ordered more .

Bought the 20 pack for stocking stuffers for several family members and to have a few to test. Snapped one to light at 0030 hrs and placed it the darkest room in the house with no windows. 1630 hours (14 hours time) it was still producing light. Not enough to be useful for sure, but that is not the point. This product lasted at least 12 hours with enough light emission to be useful. Definite sunset to sunrise product.

We bought these for our emergency kit but then the kids got found out we had them. These are very sturdy so your little ones cannot bite through them. They glow very brightly and stay lit for 12+ hours. We will definitely buy more and actually put them in the emergency kit this time.

★★★★★ **A terrific product. We lost power on Thanksgiving and retrieved . . .**

December 26, 2017

Color: Green | Size: 12 Pack | **Verified Purchase**

A terrific product. We lost power on Thanksgiving and retrieved light sticks from the emergency kits in our cars to use for light. This brand was bright and long-lasting while another brand gave out little light and did not last long. Using light sticks was much safer than using candles, especially with children around. Another plus, you can carry the light stick around with you. These light sticks gave us another thing to be thankful for.

One recommendation. It would be handy if they came with lanyards. Some brands do. During our electrical outage, we all "wore" out nightsticks.
