

We sell more than land.
We sell *vision.*

REX Real Estate specializes in the acquisition and sale of commercial, investment and development properties, both large and small, in the North Texas growth corridor. This area includes some of the nation's fastest growing and most affluent areas with special emphasis on Plano, Frisco, McKinney, Allen, Prosper and Celina, and encompasses the Preston Road and Dallas North Tollway corridors.

The Story of 121

THE GOLDEN CORRIDOR

BE A PART OF HISTORY >

Our Properties

The 121 corridor – encompassing both The Dallas North Tollway and Preston Road – is the most dynamic development area in North Texas. Seeing unprecedented and explosive growth in the past few years, what was once farm land is now the home of many corporate relocations such as Toyota, FedEx, Liberty Mutual, and JP Morgan Chase. REX Real Estate has long been at the center of this investment corridor by brokering developments such as Stonebriar Mall and Granite Park, and recently the new home of the Dallas Cowboys, The Star, just a couple of miles north of the 121/Dallas North Tollway intersection in Frisco.

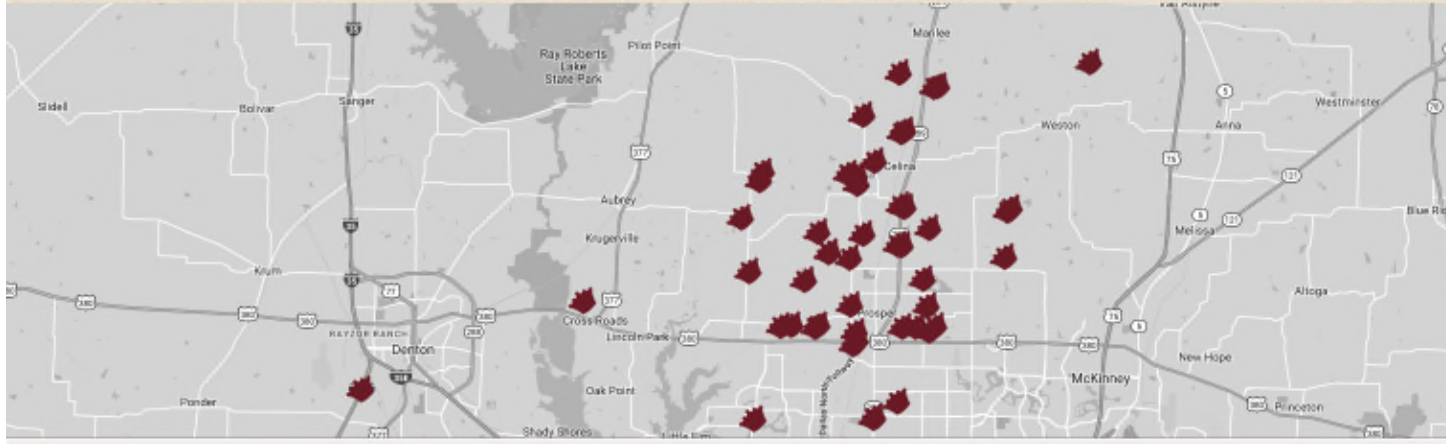

FEATURED PROPERTIES

While our current emphasis centers on the exceptional opportunities in the North Dallas area, REX Real Estate offers investment opportunities such as commercial property, mixed-use developments and long-term investments of either improved or unimproved properties as well as farms and ranches throughout Texas, including Austin, Houston, San Antonio and all major metropolitan areas. The company's in-depth knowledge of the Texas market, and an experience-based ability to recognize trending growth markets translate to a unique ability to match investments with investors.

The Company

With the development of a diverse portfolio of retail, office, industrial and mixed-used properties throughout Texas, REX Real Estate and founder Rex Glendenning have closed hundreds of millions of dollars in investment transactions for private and institutional investors. With this strong business base, our investment professionals are able to provide clients a unique and in-depth perspective on the ever-changing Texas landscape. Using an experience-based skill for uncovering unique properties, recognizing their potential and seizing opportunity quickly, REX Real Estate has developed as a leader within the investment real estate market.

OUR HISTORY

More than a quarter century of real estate experience

Rex Glendenning and the team of experts at REX Real Estate provide some of the most seasoned and successful real estate

With more than a quarter century of combined real estate experience, the team of experts at REX Real Estate is dedicated to understanding the investment needs of each client and matching them with the right investment. We honor professionalism, hard work, individual attention and solid research. We combine our experience and our values to bring you the best possible service. We are grateful for the opportunity to meet you and learn how we can partner with you.
