

Epicenter Conferences

Building a Global Movement of Christians To Bless Israel

Epicenter Conferences are one of the most exciting and effective ways to spread the message of The Joshua Fund and educate Christians about God's love and plan for Israel and her neighbors. Some Epicenter Conferences are sponsored and organized directly by The Joshua Fund. Others are funded and organized by churches and/or other ministries and organizations to help further the message and mission of The Joshua Fund. [Learn More](#)

2017 Epicenter Conference

Friday evening, October 6 & Saturday, October 7, 2017
Calvary Chapel Costa Mesa / Santa Ana, CA

Join Joel C. Rosenberg and The Joshua Fund as they share the story, in real time, of how the Gospel is advancing and is uniquely being shared in Israel and in the neighboring nations. In this two-day conference, you will hear from Jewish, Arab and Palestinian pastors and ministry leaders as they bring updates on what the Lord is doing in the region. Joel will also share several stories from our partners in the neighboring nations, on how Jesus is revealing Himself to men and women, boys and girls in the midst of some of the most horrible circumstances. Hear from and pray with these vital ministries from the frontlines bringing the love of Jesus Christ to the people in the Epicenter.
