

Music is more than a passion: music is a bond. We learn it from those who came before, play it with people we would never have met, and pass it on to those who come after us. Music makes the world a better place and our community stronger. That's why we created Reverb Gives.

## Making the World More Musical

Reverb Gives provides teachers, instructors, and leaders of music programs across the nation with the instruments they need, directly from our marketplace.

Music hones coordination
