Hair loss is a medical issue, so we connect you to a licensed doctor who reviews your information in order to identify and prescribe the best treatment plan for you.

4-8 weeks after you begin your treatment, the doctor will reach out through our secure patient portal to ensure everything is going according to plan. And if you have any questions along the way, our team of care specialists is here to help you keep a cool head.

Our Products

We hold ourselves to high standards. That's why all our products are:

BACKED BY SCIENTIFIC RESEARCH	FDA-APPROVED	DOCTOR RECOMMENDED	FAIRLY PRICED	MATCHED TO YOUR EXACT CONDITION

Generic Propecia® FINASTERIDE, 1 MG (RX)

\$25/mo

Finasteride is a prescription pill that's taken daily. It works by blocking the production of DHT, a hormone that causes male pattern baldness. This FDA-approved treatment has been proven to prevent the spread of receding hairlines and boost hair regrowth.

- Proven effective at reducing and (sometimes stopping) hair loss
- Works on the hairline, crown, and vertex
- Though rare, in clinical trials, 3.8% of patients noticed some form of sexual side effects

Generic Rogaine® MINOXIDIL, 5% SOLUTION

\$10/mo

Minoxidil is a topical treatment proven effective at slowing hair loss and promoting hair regrowth at the crown of your head. Consistently applied twice a day to the scalp, it can help you maintain a fuller head of hair.

- Works best for the crown and vertex of your head
- Helps grow thicker, longer (and just plain more) hair
- Initial shedding may occur as the new hairs push out older strands
- Expect results in as little as 3-4 months
